

**Q1. What meets the requirement for a proof of a negative antigen test?**

A1. A picture of the test device with the result and a valid date visible (within 48 hours of attending the institution and covering the duration of the time at the facility), or a form confirming the compliance of the staff attending the institution.

**Q2. Where can organization staff pick-up their tests?**

A2. Speak to the staff member at the front desk. If more than one test is required or if an alternative entrance is being used, please speak your institution contact to coordinate the provisioning of tests. If more than one test per person is required, for instances where frequent scheduled visits are in place, a manager must approve the issuing of the tests.

**Q3. My staff do not have devices to show proof of their negative test result. What should our organization do?**

A3. A supervisor within your organization is to provide confirmation of their staff's compliance to an appropriate institution contact. Speak to your institution or corporate contact to receive a document template that can be provided.
